THE LODGE

SCANDINAVIAN, COMFORTABLE, HIGH-END

Our lodge is located in Henningsvaer.

It is an authentic fisherman's house, fully renovated and standing on the waterfront, in the heart of the fjord.

The lodge is an old fisherman's house dating back from 1870 and has been completely rehabilitated in 2016.

Old parts of the house have been preserved while adding all the necessary comfort. The outside color of the lodge is the original light green and the inside of the building features a modern and minimalist Scandinavian style.

The main house has five bedrooms : three double rooms, one twin room and one room with three single beds. There are also three full bathrooms.

A second house additionally provides two bedrooms : one double room and one twin room in the attic with one bathroom.

We have a total of fifteen beds.

This magnificent lodge is located right by the sea, a very typical construction of the area.

The house features a lounge with a fireplace and a television for chilling, as well as various reading corners and a large kitchen where breakfast is served each morning by our hosts.

On the lower floor, you will find a second kitchen-dining area with a large wood-burning oven where Sigurd and Ann-Cathrin bake, among other things, the bread for breakfast.

On this floor, there is also a spot to leave your equipment and dry it, as well as a sauna with direct access to the sea for the more daring.

You will find stand-up paddles if you wish to enjoy Henningsvaer by the sea and bicycles to ride around the village.

INCLUDED ACTIVITIES

An excursion aboard our exclusive Axopar 37 to Trollfjord.

In the Lofoten, more than half of the sites are only accessible by boat : this is why we offer you this one-day activity.

This option will allow you to discover wild and preserved areas, far from overcrowded places, and to enjoy the magic of the Norwegian fjords.

The boat is an Axopar 37 Cabin.

This modern and powerful boat can accommodate up to twelve passengers. Thanks to its spacious and comfortable cabin, it allows you to sail protected from bad weather conditions. With an average speed from 25 to 35 knots (its top speed being 50 knots with its two Yamaha outboard engines of 300 horse power each), we take advantage of a very fast access to the different locations. The boat is equipped with all the necessary safety equipment.

This Axopar 37 Cabin is privatized for the group during this trip.

TREKKING, CLIMBING

If you come to our lodge during the months of July and August, you will be able to experience the magical phenomenon of the midnight sun.

Hiking in Northern Norway at night, with the sun still shining overhead, guarantees incredible and unforgettable moments.

You have one day of this type of activity included in your programme, whether it is trekking with the family, or more technical sports like climbing... Why not try to ascend the Svolværgeita, also named « The Goat » ?

COASTEERING

Do you want to jump or dive into the sea ? Good news, we offer you to discover this new activity if you like it more than the previous ones.

But no need to dive into the sea or jump off cliffs to enjoy a great trip. We tailor each stay according to the wishes of the group and there are always opportunities to challenge yourself if you wish to do so.

Or do you prefer going snorkeling ?

Crystal clear waters, plenty of starfish, stunning white sandy beaches like in the Caribbean... Why not try it ? It surely is a real North Sea experience.

FISHING AND MARINE WILDLIFE

This trip to the Lofoten islands is simply magical, as it is not just about fishing but also about enjoying the incredible biodiversity of the Arctic marine wildlife.

Contemplating orcas, whales, seals and dolphins is not an unusual scene. Not to be missed.

OPTIONAL ACTIVITIES

KAYAKING IN THE LOFOTEN

From the lodge, jump into a kayak and enjoy the fresh waters around Henningsvaer.
