SCANDINAVIAN LODGE. COMFORTABLE. MODULABLE

This Lodge was an old fisherman's house from 1870 and has been completely renovated in 2016.

Old parts of the house have been preserved adding all the comfort, the colour of the exterior of the lodge is the original light green and the interior is a modern and minimalist Scandinavian style.

The main house has 5 bedrooms: 3 double rooms, 1 twin room and 1 family room with 1 double bed and 2 single beds. There are also 3 full bathrooms.

There is also a second house with two bedrooms: 1 double room and 1 twin room in the attic with 1 bathroom.

We have a total of 16 beds.

This magnificent lodge is located basically on the sea, a very typical construction of the area.

The house has a lounge with a fireplace and TV for relaxation, as well as various reading areas and a large kitchen where breakfast is served by the hosts.

On the lower floor there is also a second kitchen-dining area with a large wood-burning oven where our staff bake, among other things, the bread for breakfast.

On this floor there is also space to leave the material and dry it as well as a sauna with direct access to the sea for the more adventurous.

# OPTIONAL ACTIVITIES AT DESTINATION

## 1. EXCLUSIVE BOAT DAY Axopar 37.

In Lofoten, more than 50% of the sites are only accessible by boat. This is why we offer you a 1 day activity by boat as an extra option.

This option will allow you to discover wild and preserved areas, far from the overcrowded places and to discover the magic of the Norwegian fjords.

The boat: Axopar 37 Cabin.

This modern and powerful boat can accommodate 12 passengers. Thanks to its spacious and comfortable cabin, it allows you to travel protected from the weather. With an average speed of 25 to 35 knots, its top speed being 50 knots due to the two Yamaha outboard engines of 300 hp each, access on site is fast. The boat is equipped with all the necessary safety equipment.

This boat is privately rented to the group on this trip.

## 2. TREKKING, CLIMBING.
