Lofoten Bed & Breakfast

10 years of experience

NORWAY

The Lofoten Islands form an archipelago north of the Arctic Circle. This treasure trove of nature offers majestic mountain scenery and deep blue fjords. The climate is particularly mild thanks to the Gulf Stream that runs along the coast.

OUR PHILOSOPHY

Our trips are conceived, designed and implemented by a passionate team. That is why we attach so much importance to the human dimension and attention to detail in all our projects.

Our trips bear our signature: carefully selected surroundings, tailor-made itineraries, exclusive gastronomy and lodges.

OUR STRENGTHS:

Our lodge is ideally situated, combining comfort and high quality.

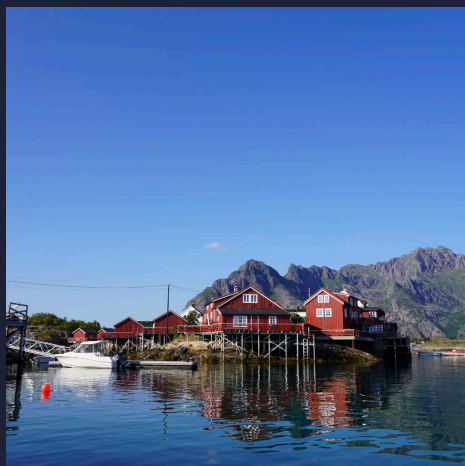

A unique environment surrounded by fjords where the ocean and the mountains meet.

Optional:

Privileged access to isolated and confidential places thanks to the boat.

THE PERFECT LODGE

→ The comfort of a cosy lodge and Scandinavian design.

Our accommodation is located at what people call 'Scandinavian Venice'.

We have opted for warm and spacious accommodation in the magnificent fishing harbour of Henningsvær. One of the most beautiful fishing villages in the whole archipelago.

This Lodge was an old fisherman's house from 1870 and has been completely renovated in 2016. Old parts of the house have been preserved adding all the comfort, the colour of the exterior of the Lodge is the original light green and the interior is a modern and minimalist Scandinavian style.
